Instructions:

1. Score the Pool Party card base on the long side at 4 1/4" and fold.
2. Attach the piece of Silent Snowfall DSP to the top half of the card base as shown.
3. Attach the Traditions of Christmas DSP to the bottom half of the card front as shown.
4. Die cut three trees using Shaded Spruce, Garden Green, and Granny Apple Green cardstock.
5. Die cut the pieces of the tractor body and fenders using Pretty in Pink cardstock.
6. Die cut the seat, muffler, and wheels using Basic Black cardstock.
7. Die cut the wheel centers using Basic White cardstock.
8. Put your tractor together before adding to the card front. Pop the fenders up on Mini Stampin' Dimensionals.
9. Add the finished tractor to the card using liquid glue.
10. Then, add your trees individually to the card. Two behind the tractor and one in front. I tucked the trees inside the green DSP a little and used one Mini Stampin' Dimensional at the top of each tree to make it stick out a little for dimension.
11. Stamp your sentiment using Memento Black ink on the piece of Old Olive cardstock. Flag the right side of the sentiment using scissors.
12. Attach the sentiment to the left side of the card front using Stampin' Dimensionals.
13. Add three Pretty in Pink Gems to the card to finish.
